## CENTENNIAL PUBLICATION INFORMATION

The publication of the North Dakota School for the Deaf Centennial Book is the culmination of an enormous amount of effort by the Publication Committee and many others who volunteered their time.

In order to print 2000 books containing 200 pages each (cover included) and printing 4-up on 17x22 paper, over 25,000 sheets were run through the press twice. The result is over 400,000 pages in the 8½x11 size.

The above statistics are given to illustrate the magnitude of the undertaking, all on a voluntary basis.

May you enjoy the book for years to come.

L. Dwight Rafferty, Chairman

**THE  
NORTH DAKOTA  
ASSOCIATION  
OF THE  
DEAF  
1916-1990**

## THE NORTH DAKOTA ASSOCIATION OF THE DEAF, INC.

The North Dakota Association of the Deaf was established in June 1916 and incorporated in 1978 with the following preamble:

*For mutual assistance and encouragement in securing moral, intellectual, and social improvement, advocating measures tending to better their condition and standing in society at large; and for the strength and usefulness which union gives, the deaf of North Dakota do organize themselves into an Association.*

Historically, the Association has made several worthwhile contributions to the welfare of the deaf in the state. It has been outspoken against the deaf and imposter peddling racket in which able-bodied persons prey upon the sympathy of the public, using deafness as the reason they are unable to work and support themselves. The majority of the deaf citizens are above such nefarious tactics and are proud of their ability to be self-supporting taxpaying citizens of this great nation.

The Association has always used the legislative process as a lobbying group to represent deaf citizens in the protection of their rights and to fight discrimination which may affect them; i.e. driving rights, use of interpreter law, and human rights. The Association also fights against discrimination in any aspect—employment, education, social, government services, and business. The Association provides information on deaf awareness, deafness, education of the deaf, and other aspects to the public and is affiliated with the National Association of the Deaf. It strongly supports the North Dakota School for the Deaf as the best atmosphere to educate its deaf children.

The Association celebrates its 75th anniversary in 1991. Its 28th convention will be held in conjunction with NDSB's centennial celebration in June 1990.

The Association wholeheartedly congratulates the North Dakota School for the Deaf on its 100 years of service to the deaf of North Dakota and wishes it continued success in the years to come.
