Educational Programs

The North Dakota School for the Deaf/Resource Center for Deaf and Hard of Hearing (NDSD/RCDHH) provides students with a broad spectrum of disciplines including traditional academic offerings and special studies. Teachers of the Deaf utilize specialized methods of instruction that address the unique educational needs of children who are deaf or hard of hearing. Based upon each child's Individualized Education Plan (IEP), programming emphasizes the development of functional language including: expressive and receptive skills in speech, speech reading, manual communication (sign language and fingerspelling), reading, writing and audition. NDSD/RCDHH endorses the use of direct visual communication as well as oral and auditory skills to support education and to foster social and learning environments that nurture the development of positive self image and respect among students who are deaf or hard of hearing. Emphasis is placed upon the development of positive social and emotional attitudes, achievement in academic areas, vocational exploration and development of lifelong independent living skills.

Students participate in mainstream educational or extracurricular programs in the Devils Lake Public School system. Support services are provided to students as needed.

Health care services, administered by professional health care staff, are available twenty-four hours per day. Attention is focused on the total wellness of the student by monitoring each student's medical, dental, audiological and optometric needs. Residential staff members provide supervision in a secure, nurturing communicative environment that fosters positive values, good health and community involvement. Extracurricular, recreational activities and athletic opportunities are available to all students.

Parent-Infant Program

The North Dakota School for the Deaf/Resource Center for Deaf and Hard of Hearing (NDSD/RCDHH) supports a Parent-Infant Program for children with a hearing loss, ages birth to three years. This program, conducted in the home, utilizes the SKI-HI Curriculum to instruct families of infants with hearing loss in the areas of audiology, speech, language, auditory training and education options for their child.

NDSD/RCDHH hosts regional support groups, family learning vacation and provides an assortment of printed and audiovisual resources for parents.
